AUTOMATION MAILING

To receive postage discounts, the USPS requires your mailing list to be certified and presorted. PrintSource is an **approved USPS mailing facility** and is Coweta County's number one direct mail marketing company.

You will save time and reduce postage costs with automation mailing. For mailings **over 500 pieces**, allowing PrintSource to address and automate your mail is more cost effective than printing labels and applying stamps yourself.

POSTCARD PRICING

Prices are for print-ready artwork printed in pleasing digital color.
